Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above-named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves, bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

As soon as any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route to Boston.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only LIVERPOOL and BOSTON LINE of PACKETS, they have continued that line unbroken, and business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which compose our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The thousands of letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

The Liquor Law in the Assembly.

We invite attention to our report of proceedings of the Assembly, yesterday afternoon, upon the prohibitory liquor bill. It will be seen that the opposition intend to throw every obstacle in their power, in the way of the bill to prevent its passage. They succeeded in amending the rules at the beginning of the session so that the friends of the measure are unable to demand the previous question. We understand that they proclaim it as their purpose to offer all the amendments which their very prolific brains can devise, to advocate them, to demand the ayes and noes on every vote, and in short, to delay the bill as much as possible.—*Madison Journal.*

We hope that the opponents of the Prohibitory Liquor Law in the Legislature will think better of this. The course proposed will greatly and needlessly protract the Session, but cannot defeat the law. It is clear that a very large majority—nearly two to one—in the Assembly, is in favor of Mr. ESCHWEILER'S bill. Upon that majority rests the responsibility of the measure. They should be permitted to perfect their bill, without encountering factious opposition, and the minority ought to content themselves with making known the grounds of their dissent and recording their votes against its passage. And this they should do, not only as matter of right, but of policy. If the bill be of so outrageous and impracticable a character, as its opponents represent, those defects will surely and speedily appear in its working; will bring about a reaction in public sentiment and a repeal of the law. If, on the other hand, the act be right in principle and beneficial in practice, opposition, especially such opposition as that manifested in the Assembly on Tuesday, will only add to its friends in the Legislature and strengthen it with the People.

THE CITY CENTRAL CONVENTION.—Five men, reporting to be the Committee of General City Committee, have called a City Convention on Monday, March Convention day before election—to nominate City officers. The object is very apparent. It is to make the nominations so late that the people will have no time to unite in the substitution of good for incompetent and unworthy men. It is an insult to the voters of the city. The tax-payers ought to have self-respect enough to unite *en masse* and call a City Convention in season, and nominate and elect good men to office.—*Free Democrat.*

This is good advice. The Charter election is a matter directly affecting the interests of our city and of personal and pecuniary consequence to every man within its limits. It is the height of absurdity to allow a few political leaders to dictate whom we shall elect for Mayor, Marshall, Aldermen &c. These officers ought to be selected, as men choose their Lawyers, Doctors &c., for their *business qualifications*. Our City, during the last year, has enjoyed the services of several excellent officers, and if Tax-payers are wise, they will *re-elect* them, without stopping to enquire to what party they belong and without saying "by your leave" to any body. Col. WALKER, our worthy Mayor; Comptroller COMSTOCK, Treasurer JOHNSON and Corporation Attorney STARK, have all filled their offices faithfully and well.—If they will serve again, they have fairly earned and ought to receive the compliment of a re-election.

For Marshal, a number of candidates are already in the field. With no desire to make invidious comparisons, we must say, that among them all, there is no one so well qualified, in our judgment, for the post as Deputy Sheriff BECK. He is a most energetic, intelligent, faithful and fearless officer, and would discharge the duties of City Marshall as they have never yet been discharged in Milwaukee.

MILWAUKEE AND HORICON RAIL ROAD.—The *Ripon Herald* gives a good account of the progress of this enterprise. The amount of stock subscribed in Ripon is $100,000. Berlin and Waupun are also doing their share. Mr PINNEY, the Engineer in charge of the work, writes from Waupun, under date of the 9th instant, that the line is located to that point, and that he and his party will complete the survey, from Waupun to Ripon, in the course of a week. The *Herald* adds:

There is now enough stock taken along the line of the road to ensure its construction, but the company and the farmers along the line are determined that a sufficient amount shall be raised to force the completion and opening of the Road to Berlin as soon as human means can accomplish.

TRESPASS-A-LEAU.—Such is the name of a new County set off from St. Croix by the present Legislature. It is, strictly speaking, bad French; poor Sioux, and detestable English. Inasmuch as many will never know how to Anglicise it, we suggest that it be called "Tramp alone" County! Is the motion seconded?"—*Appleton Crescent.*

Not by us, certainly. We dissent *in toto* from the *Crescents* criticism. The name strikes us as a good one, for two reasons—first, because it is peculiar to the locality, and second because it is descriptive of a prominent feature in the landscape Moreover, it perpetuates one of those old French and Indian names, which we think Wisconsin ought always to prefer to the worn out classical nomenclature so prevalent in New York, or the thread-bare fashion of calling our towns and counties after departed great men, or living little ones. By the way, will the *Crescent* inform us what the *Trespass-leau* is bad French."

☞ The Louisville people amuse themselves in America in a little queer. Captain Eades of a ferry boat in Louisville has two rifle balls come pretty near putting him recently, one of which touched his hat, fired by a Red River gentleman, probably merely for the fun of the thing. He stood up in plain sight and deliberately discharged his rifle twice at the astonished Captain.—*Morning News.*

The Captain was unnecessarily "astonished." All the "Red River gentleman" intended to do, was to show him how near he could come to his head without hitting it.

La Crosse & Milwaukee R. R. Election.

We were present, on the first inst., at the Election of the Board of Directors to manage the affairs of the La Crosse and Milwaukee Railroad Company for the coming year, and were highly gratified with the spirit manifested by the Stockholders in attending in person, as well as with the result of the election. The following are the persons elected:—

HIRAM BARBER—Dodge Centre,
JOSEPH KERR—Columbia County,
HUGH MCFARLANE—Portage City,
S. T. SMITH—La Crosse,
MOSES M. STRONG—Mineral Point,
S. L. ROSE—Beaver Dam,
E. D. CLINTON—Waukesha,
WILLIAM DAWES—New York,
BYRON KILBOURN—Milwaukee,
FRANCIS HUNTINGTON—Milwaukee,
JAMES LITHGOW—Milwaukee,
EDWIN B. GOODRICH—Milwaukee,
STODDARD JUDD—Fox Lake.

At the meeting of the Board of Directors in the evening, the former officers of the Board were continued as follows:—STODDARD JUDD, *President*, BYRON KILBOURN, Chief Engineer, E. D. Clinton, Acting Agent, S. L. ROSE, Attorney.

Under the management of this Board and these officers we are confident the work will be pushed forward with all the energy at their command, and its speedy completion may be set down as a certainty. Their Chief Officer, Dr. JUDD, is a man in whom all our trust their interests with perfect security, and a better man to fill that station cannot be found in this State.—*Beaver Dam Republican.*

From Madison.

SPECIAL CORRESPONDENCE OF THE SENTINEL.

Washington County Seat again—The Nebraska Resolutions passed.

Madison, Feb. 15, 54.

The journal of the Assembly of yesterday, laid on our tables this morning, does not contain all of the motions made and decided yesterday afternoon, and attention was called to the subject by Mr. Remington. The Speaker treated the member quite cavalierly when he spoke of the matter. I do not wonder that the clerks failed to journalize correctly amidst such a confusion of motions and votes.

There were no bills of any importance introduced.

The Hall was granted for this evening to a Mr Hewlett for a temperance lecture; though with some difficulty, and with the understanding that it is for the last time, the members having become satisfied that they have turned themselves out of their room often enough.

Among the bills introduced was one by Mr Hadley, amending the charter of the Milwaukee and Watertown Railroad Co., so as to allow of an increase of capital to an amount sufficient to cover the issues of convertible securities in the company's hands. The bill *passed*, under a suspension of the rules; Mr. Hadley stating the necessity of immediate action, as the agent of the company now abroad, has an opportunity of obtaining the necessary funds at once.

The railroad committee reported back the Portage City & Lake Superior R. R. charter, with a change in the names of commissioners, making the road more of a Wisconsin, and less of a Chicago, road.

About a dozen bills passed, among them the one appropriating $3000 for the increase of the state library; and the one organizing Monroe county from the east end of La Crosse.

The bill changing the name of Ozaukee county to "Mequon" coming up, Mr. Whedon opposed it briefly as unnecessary and uncalled for. Speaker Horn took the floor, and made an amusing, though not remarkably dignified speech in favor of the change. One and the principal reason given was that which may be supposed contained in the following anecdote, which ought to have a prominent place in the chronicles of the early history of the state. Mr. Horn said that the word *Ozaukee* was not an Indian word, but was thus derived. Solon Johnson and a Mr. Harrison were the first two settlers of that region, when no other settlers were near, and suffered many privations, being obliged frequently to live upon the suckers which came up the rivers in the spring. One year, after the suckers were gone, and the two pioneers were almost starving, they were out hunting, when they heard a cow-bell in the distance. They instantly set off in search of the animal, shouting "*O aucky !*" "*O aucky !*" (This is the nearest approach I can give to the Speaker's words.) The kindly cow answered the call, and the famished men approached her, and took the refreshment in the natural way, to their great relief.

Of course, after this piteous story, the bill *passed*. In the course of the discussion upon it, Mr. Horn took the opportunity to say that "he mean't to put through the bill," taking the towns of Milwaukee & Granville from Milwaukee Co. and adding them to Ozaukee, "over the heads of the Milwaukee delegation." We shall see. From what I hear, I think that the two towns themselves will put a quietus upon the Speaker's project.

In another bill, relative to the county buildings of Ozaukee Co., the veritable old Washington County—seat question appeared again, body and boots. Mr. Horn took occasion, in advocating the bill, to assert that the bonds of the county had been negotiated at 30 cents on the dollar, that the buildings were not likely to be completed, and that Mr. Whedon, his colleague, although he would make some show of opposition, was rather indifferent about the bill. Mr. Whedon replied that he understood the bonds to have been negotiated *at their face*, that the buildings were going forward properly, and that he was in earnest in his opposition to the bill.

The bill passed, but another like it, in reference to Washington Co. was referred to the delegation from that county.

One or two bills were ordered engrossed, when Joint Resolutions No. 3 (the anti-Douglas-on-Nebraska resolutions) came up, and the subject was instantly seized with good will. As the day was spent upon it, I shall have to confine this letter to a sketch of the doings. It must be meagre at best, as any thing like a full report would occupy to much space and too much time.

Mr. Bartlett briefly urged the passage of the resolutions now. After a somewhat lengthy preamble, the Resolutions are as follows:

Resolved; By the Assembly, the Senate concurring, that our Senators and Representatives in Congress, be urgently requested to use all constitutional endeavors to prevent the passage, by Congress, of any bill which may, even remotely, permit the introduction or establishment of slavery within the territory of Nebraska; or other territory belonging to the United States.

Resolved; That his excellency, the Governor, is hereby requested to furnish copies of the foregoing resolution, to each of our Senators and Representatives in Congress.

Speaker Horn called Mr. Hull to the chair, and moved the following substitute:

Whereas our public lands are of right and the common heritage of the people of the whole Union, and simply held by the General Government as trustees for the faithful guardianship and distribution of the same; and whereas the question of introducing or prohibiting slavery into territories has been re-opened and forced upon the attention of the country by the abolitionists and disunionists of the North, in opposing to the bill now before Congress for the organization of the territory of Nebraska, said bill containing provisions that ought to be satisfactory to every reasonable mind: and whereas constitutional obligations, and wise political foresight require that our public lands ought to be as free for the citizens of the South as they are for citizens of the North, with the privileges secured by the constitution to take their property with them. Therefore,

Resolved by the Assembly, the senate concurring, That our Senators and Representatives in Congress be requested to use their discretion in acting and voting upon the so called Nebraska Bill, and to take into consideration that they are Senators of the *United States* from this state, and not merely senators of Wisconsin.

Resolved; That the aforesaid senators and representatives are hereby requested to urge upon congress the adoption of the following provision into every bill for the organization of a new territory, to wit: That every free male white inhabitant of such territory, who has obtained 21 years of age, and who is a citizen of the United States, or who has declared his intention to become a citizen, according to the laws of naturalization, shall be entitled to vote at any election in such territory.

Resolved; That we confide in the wisdom and patriotism of Stephen A. Douglas, and that any attempt to prejudice him in the eyes of the American people ought to be treated with the scorn it deserves.

He moved that the resolution and substitute be postponed for eight days, stating that he wished time to explain his views upon the proposition.

Dr. Bartlett hoped the matter would *not* be deferred. It had not been hurried along, but had been allowed to take its regular course in committee of the whole, and the substitute might have been presented there. He believed the substitute and motion were made in "good faith," and with a desire to postpone action on the resolution.

Mr. Horn denied a desire to delay action. He had consulted with no one as to this proposition. It gave his own views. He modified his motion so as to print the substitute, and make the subject the special order for to-morrow evening.

Mr. Remington said that he did not suppose Mr. Horn *had* consulted with any one, and he hoped that no one on this floor would endorse such a proposition, not even by allowing it to be printed. He objected, as a democrat, particularly to what was said as to Mr. Douglas, and he believed that Senator Douglas', name as a statesman would be known in history hereafter as Benedict Arnold's name was known as a soldier. He thought the democracy of Wisconsin ought to speak out with one voice in condemnation of this Nebraska project. It would be an insult to them even to print them.

Mr. Scott (dem.) was glad that here was presented an opportunity for a test vote. He wanted to see who was in favor of Mr. Douglas for President in 1856. For himself, he had never been able to perceive what the great measures were by originating which Mr. Douglas had deserved the position claimed for him by his friends.

Mr. Hale (dem.) moved to amend by making the resolutions the special order for Monday evening.

Mr. Estabrook (w.) said something about the gentleman being very tender in the toes, whereupon Mr. Hale rejoined in considerable excitement, that his corns were *not* tender, and that he was not afraid to meet the vote.

Mr. Lees (dem.) advocated the postponement, as he was about to leave, and wished to be here at the vote.

Mr. Bartlett (f. s.) said he would be willing to postpone till to-morrow evening, but not further

Mr. Hale alluded to the fact that there were the strong anti-slavery resolutions of '49 on file at Washington now, so that there was no need of any haste.

Mr. Donaldson (w.) saw no need of postponing. He was ready and he believed every other member was ready, to vote *now*.

Mr. Gary (w.) said that there was no need of or propriety of taking this question out of its regular order, and it was now in that order. It should be acted on now, as the extraordinary project against which the resolutions protested was now before Congress. There was no time to be lost.

Mr. Orton (w.) also believed that the Assembly was as ready to vote now as it ever would be. He believed this was just the kind of question on which the call of the previous question was justifiable, so as to prevent the waste of time. (He did not demand the previous question, however.)

Mr. Lees still asked for time. The members of Congress knew very well what were the opinions of the people of Wisconsin.

Mr. Horn said he would be ready to debate the question on Monday. Nobody knew what was in the Nebraska bill, for nobody had seen it. Some people were trying to get up an opposition to the "Little Giant" out of this Nebraska bill, but they "could not come it"!

Mr. Earnest (W.) said that he, too, wanted time.

Mr. Orton thought there could be no difficulty in voting upon the resolution. Everybody knew that Mr. Douglas' proposition was to permit the introduction of slavery into free territory.

Mr. Rood (w.) spoke briefly against, and Mr. Knowlton (dem.) in favor of postponement.

The question on postponing to Monday was taken, and lost, ayes 27, noes 43. The ayes and noes were nearly the same as given below on the final vote.

Mr. Hale now moved to make the subject the special order for Friday evening, but modified it at Mr. M. J. Thomas' suggestion, to Friday afternoon. Mr. Donaldson suggested that this would be a day on which no debate could be allowed.

Mr. Lees moved to adjourn, and 43 members (by the Assistant Clerks' count—34 by mine) rising in favor, the Speaker *pro tem* declared the Assembly adjourned.

At 3 P. M. the Assembly met for fight again, the fever being still up. Mr. Orton moved to lay Mr. Hull's motion on the table; *carried*. He next moved to table the motion to postpone to-morrow evening, and this, too, was carried.

Mr. Talmadge (dem.) moved to lay the whole subject on the table, but the assembly *refused*, by vote of 28 to 37.

Mr. Lees moved to indefinitely postpone the subject, and asked a call of the House, which call was seconded, and there was a half hour wasted in doing nothing. At last the Sergt-at-arms reported, and further proceedings under the call were stopped.

Mr. Orton now said that he would vote for the indefinite postponement. He was unwilling to see discussion prolonged here from 4 to 6 weeks. The resolutions of '49 were still on record, unrescinded, and were instructions to our Congressmen. The people of Wisconsin had not changed. Times change, but principles never. The passage of the committee's resolutions would admit that the others had lost their binding force. Heated debate would be excited by continuing this subject here.

Dr. Bartlett said that he should regard the success of the motion as equal to a defeat of the resolution. He thought the mover as intended it.—Times *had* changed, so that the expression of sentiment *was* necessary now. The resolutions of '49 were not the sentiments of every legislature since, as a matter of course. The friends of the resolution did not ask for time to make speeches—they wanted a direct vote. They wished the professions of the democracy to be tested by their vote.

Mr. Lees admitted that he wished to defeat the resolutions, but he was ready to vote now; and withdrew his motion to postpone indefinitely.—It was at once renewed by Mr. Hull.

Mr. Knowlton spoke for sometime against avoiding responsibility. He was for taking the vote, but did not like either of the sets of resolutions, and should present a substitute for both.

Mr. Orton moved the previous question; *lost.*

And the motion to postpone indefinitely was *lost*, ayes 28, noes 43.

Mr. Knowlton now moved an amendment to the substitute resolution, declaring, in effect, that the "foregoing" resolution was all "gammon."

Mr. Orton moved to lay the amendment *and Mr. Horn's substitute resolution* on the table.—*Carried without a count.* (Alas for Douglas!) He also moved the previous question on the original resolutions;—*lost.*

Mr. Knowlton next presented his substitute, as follows;

Resolved by the assembly, the senate concurring, That it is the duty of every American citizen to adhere strictly to all and every the rights guaranteed by the constitution of the United States, and also to the well understood compromises acquiesced in by the American people upon the subject of slavery, and that it is unwise and impolitic, if not dangerous to the perpetuity of American liberty, to, in any manner, agitate this truly great and delicate political question either in or out of Congress.

Mr. Scott took an amazing like to this substitute. He remembered the agitation in 1820, and the dreadful times consequent thereupon, and feared the effect of setting fire to the magazine again.

Dr. Bartlett did *not* like the substitute. He believed in adhering to the guarantees of the constitution, but he was in favor of agitation until slavery was limited within its legitimate bounds. He was more afraid of the aggressions of slavery, than of agitation. If the compromise of 1820 is not to be adhered to, this slavery question will agitate the country when each new state seeks admission. A northern democrat, and no abolitionist, has forced this issue upon us, and we ought to speak out.

Gen'l Crawford (dem.) read a short speech, which, having been written last week, had no particular bearing on the question.

Mr. Orton said the Legislature might as well "resolve" the Declaration of Independence as Mr. Knowlton's substitute. He did not intend to waste time in discussion, but would vote for the original resolutions, if the Assembly ever came to a vote.

Mr. Gary (w.) spoke at some length, and forcibly, in favor of an expression by the Legislature of the opinion of the people, who are expecting their representatives to speak out against the violation of a compact which has been religiously kept by the North.

Mr. Horn took the field in favor of the substitute as next best to his resolution, which had expressed his opinion as a "national democrat" and which ought to have been supported by such democrats and the "silver greys." He believed that slaveholders had as much right to take their goods and chattels into the territotities as northern men. He wanted to see all who had "declared their intentions to become citizens" allowed to vote, for he believed that they would vote to prohibit slavery in the new states to be formed.

Mr. Remington said the substitute was objectionable for its omissions. Something *positive* was wanted just now. Agitation was forced upon us, and that not by abolitionists, but by "Young America" himself. If a "national democrat" was to be defined as one who is in favor of repealing the Missouri Compromise, of opening the free territories to slavery, and of dodging responsibility, he would say—"God help the national democrats." Mr. M. J. Thomas' patience now gave out, and he moved the previous question, which *was seconded and ordered*, and the Assembly decapitated Mr. Knowlton's substitute, by ayes 34 to noes 32.

Mr. Thomas moved to adjourn. *Lost*, 29 to 43. (You see the "national democrats" in were for it and began to squirm.

Some slight point of order was raised, and the question answered, when Mr. Hale renewed the motion to adjourn. Mr. Noggle raised the objection that the motion could not be again entertained. Mr. Hull, Speaker *pro. tem.*, decided otherwise. Mr Noggle appealed, and the chair was sustained by a small majority, Speaker Horn, however, voting against him.

The Assembly refused to adjourn, the ayes and noes being called. Mr. Horn moved to lay the subject on the table; declared out of order, as were various other motions, and at last the House *ordered the original resolutions engrossed*, as follows:

Ayes—*Allen, Atwater*, Baker, BARTLETT, Beecroft,* Boener, Bernhart, *Colley*, Davis, *Donaldson, Estabrook, Eustis, Gary*, Gibson, Harrington, HART, HEAD, *Joiner*, Ketchum, *Lake*, Mathes, *Matts, McCracken, McIndoe, Mitchell*, Rice, Nichols, Noggle, *Orton, Reed*, Remington, *Rood*, Rosenthal, Schantz, *Spafard*, SPAULDING, JESSE SMITH, John Smith, J. L. V. Thomas, *Tracy*, Tobin, *Toplif*, Webster.* West, Whedon, *Worthington*, Wright, *Young*—47.

Noes—Barns, Barney, Bell, Crawford,* *Earnest*, Fox, Hadley,* Hagerty,* Hale, Holl, Knowlton, *Kyle*, Lees, Levis,* McCormick, Morrison, Norton, O'NEIL,* Parkison, Reinhardt,* Rich, Talmadge, Terbune, M. J. Thomas, Torbert, Horn—26.

Total *ayes*—22 whigs, 20 democrats, 5 free soilers.

Total *nays*—2 whigs, 24 democrats.

So that good days work was done. Several members dodged the vote. Something now possessed Mr. M. J. Thomas to move to suspend the rules to take up the Liquor Bil (to which he is opposed) now, and the motion prevailed, so that the bill is in order at any time. On motion of Mr. Beecroft, the Assembly adjourned.

I have no space to speak of the temperance lecture, by Mr. Hewlett, in the evening, which kept the audience in a roar of laughter, friends and foes of the cause, for an hour or more.

Correspondence of the Sentinel.

Blooded Stock for Wisconsin.

LONDON, Jan. 24, 1854.

MY DEAR SIR,

No intelligent stranger can travel thro' Wisconsin without being struck with the remarkable fertility of soil—the health and beauty of the country—the wonderful development of animated nature, and the numerous elements of wealth and power. This is especially apparent in the marked physical development of horses and cattle. The horses, although excellent of their kind, are not generally of the best breeds. Some of the mares, however, are of extraordinary good shape and quality and would, if crossed with the thoroughbred English stallion, produce a race of horses not to be surpassed in the world.

Altho' a thorough bred English horse is not suitable for general useful purposes either in England or America, yet it has been proved that the cross with such mares as are alluded to above, would combine the good qualities of both sire and dam, and would lay the foundation in Wisconsin of a permanent race of fast, enduring and valuable animals. In fact, such a combination would increase swiftness in the racer and trotter; vigor in the war horse and charger; and muscular power and speed in the draught horse.

I feel so convinced of the importance of this subject in Wisconsin—the future home of my sons—that I have procured the horse described in the enclosed card. He will embark from London in April and be sent to Menasha. If he survives the dangers of the voyage and journey, I trust he will be the progenitor of the finest and best breed of horses in America.

I am dear Sir,
Yours very Truly,
L. B. MACKINNON.

The horse above referred to is Capt. MCKINNON'S "*King of Cymry*," bred in 1847, a son of the celebrated racer Touchstone—16 hands high, a rich bay, and in all respects a thorough bred horse. He will be a valuable addition to our Wisconsin stock.

SILVERMAN APPOINTED SHERIFF.—Governor Barstow has revoked the appointment of B. F. Pidge as Sheriff of Ozaukee county, and re-instated Lion Silverman. The following is the notice of revocation which has been served upon Mr. Pidge:

(COPY.)
STATE DEPARTMENT,
Madison, February 10, 1854.

To Benjamin F. Pidge, Esq.:

SIR—His Excellency William A. Barstow, Governor, has notified this Department that on the 9th instant your commission as Sheriff of the county of Ozaukee, bearing date the 4th day of June, 1853, was revoked by him. You are hereby notified of such revocation and that the same is now of record in this Department. Very respectfy yours, ALEXANDER T. GRAY.
Secretary of State.

This revocation is made by authority of a statutory provision which confers upon the Governor the power to remove an officer of his own creating without showing cause.—It is probably as well for the reputation of the Governor that there exists such a statute behind which to screen his motives for this act.—*Ozaukee Times. Dem.*

AMPUTATION—ALL FOR WHISKEY.—We were present, on the second inst., by invitation, at the Poor House, in this county, and witnessed the amputation of Mr. Clark's (familiarly known as Cooper Clark) right leg, 8 inches above the ancle. The left one had been taken off two days previous, at the same place. The operation was performed by Dr. J. H. Badcock, of this village, in his usual off-hand business manner. The cause of this awful calamity to Mr. Clark, was from freezing. On the evening of the fifth of January, ult., he left a neighbor's house for his home, but the load of whiskey he had taken in proved too much for him, and when found in the morning his feet and hands were frozen so that he has now lost both feet, together with two fingers from his left hand, and is a sad spectacle of the evils of intemperance. He is doing well and will probably soon recover. He has no family, and being destitute of means was taken to the poor house.—Such occurrences should teach our Legislators that the time has come when a prohibitory liquor law is greatly needed.—*Beaver Dam Republican.*

NORTH-WESTERN IRON COMPANY.—This Company, composed of Messrs. Burchard, Benn Ludington and Tower, is now under full operation, having thoroughly overhauled and fitted up the Furnace at Mayville, in this County, and are turning out about six tons of Pig Iron per day.—We are glad to learn that their success is all they could desire, and that their prospects are very encouraging.—*Beaver Dam Republican.*

STORMS AND FIRES.—Our city was yesterday, visited by a "sweep" of snow carried by a north east gale of wind, such as is seldom experienced in any country. It was furious.

In the morning, the alarm of fire was given.—It proved to be in a two story wood building, on the south side of Pennsylvania Avenue owned and occupied by Mr. A. McLellen. The fire caught in the roof from a stove pipe passing through it "in the place" where the *chimney* ought to be." The fire was extinguished—damage slight.

Our nerves were scarcely quiet again when another alarm was given. Fire somewhere in the north, and away went our citizens—Engine and Hook and Ladder companies against the blinding storm. A dwelling house occupied by A. H. Edwards, Esq., was on fire in the roof—caught by some defect in the chimney. By great exertions of the Fire Companies and citizens, the building was not entirely destroyed—damage to building $200, furniture probably $150. No insurance.

Messrs. Bryant, of Buffalo, are interested, as mortgagees, in the building. They may be losers to some extent.—*Sheboygan Journal, Feb 15th.*

A MISTAKE.—An article is going the rounds of the *Papers*, that two men were frozen to death on Green Lake Prairie, not far from Ripon. This being *news to us* we have taken trouble to inform ourselves upon the point and are prepared to pronounce the rumor a *mistake*. There has been nothing of the kind happened *this winter*, upon or in the neighborhood of Green Lake Prairie: the sad tale probably originated from the fact, that during the extreme cold weather in which this scene was laid, *two men became so cold that they thought it policy to stop at a public house and warm up.*—*Ripon Herald.*

THE DANNAN MONUMENT.—We were shown this morning by HERBERT REED, the Treasurer and Secretary of the Dannan Monument Fund, a daguerreotype of the plan of the Monument, proposed to be erected to EMANUEL DANNAN, "the martyr to truth." It is designed by J. G. BATTERSON of Hartford, Conn. to be of marble, the head of which is the head taken in proved too much for him, and when found in the morning his feet and hands were frozen so that he has now lost both feet, together with two fingers from his left hand, and is a sad spectacle of the evils of intemperance. CANADA'S NEWS.

Warlike Intelligence!

THE QUEEN'S SPEECH.

The steamer *Nashville* arrived off Cowes on the 2d inst., having experienced heavy weather and lost part of her paddle boxes.

The screw steamer *Glasgow* from New York arrived in the Clyde on the 2d.

The screw steamer *Andes* which sailed from Liverpool on 18th ult., for New York, had put back. The news is ominous of war. The answer from England and France to the Russian enquiries respecting the entry of the fleets, was delivered on the 1st to the ministers in London and Paris. Terms of the reply did not transpire.

The Russian minister is reported to have withdrawn himself from Paris, and the minister was to leave London on the fifth. England is sending a detachment of mail steamers to take soundings of the entrance to the Baltic, for the fleets.—Orders are understood to have been sent to the English and French embassadors at St. Petersburgh to demand their passports.

At a council held at the Tuilleries on the 30th January, the question of sending an extraordinary land force to Turkey, was fully discussed. It is proposed to send 10,000 men. England will send only a small force, but will pay half of the expenses. The British army is to be increased by 11,000 men, Regulars, and the Navy by 13,000 men. No change had occurred at Kalafat since last report on the Danube; altho' abstaining from great operations, the Turks give the Russians no rest.

Parliament was opened on the 31st. The crowd was much greater than usual on the route to the House. The Queen was greatly cheered but Prince Albert was occasionally hissed. The Turkish Minister was sloudly cheered. The House was unusually full of splendid costumes. No members of American legation present.

The master of the ceremonies had sent notice to all diplomatic members to appear in full costume.

The following is part of the Queens speech.—"The hope which I expressed at the close of the last session that a speedy settlement would be effected of the difficulties existing between Russia and the Ottoman Porte, have not been realizing and I regret to say that a state of warfare has ensued.

I have continued to act in cordial co-operation with the Emperor of the French in my endeavors in conjunction with my allies, to preserve and restore peace between the contending parties although unsuccessful I will not fail to persevere in those endeavors, but as the continuance of the war may deeply effect the interest of this country and Europe, I think it requisite to make a further augmentation of my naval and military force.

With the view of supporting my representatives and more effectually contributing to the restoration of peace, I have desired that the Papers explanatory of the negotiations which have taken place upon this subject, shall be communicated without delay.

I recommend to your consideration a bill which I have ordered to be franked for opening the coasting trade of the United Kingdom to the ships of all friendly nations, and I look forward with satisfaction to the removal of the least legislative restrictions of the use of foreign shipping for the benefit of my people." The remainder of the speech was of a local character.

VIENNA.—Count Buol has drawn out a declaration of neutrality with a strong bearing towards the views of the Western Powers, and has given this to Count Orloff as a final answer. Orloff's mission has therefore failed.

The Czar's proposal was to form a defensive league with all the German powers, and if the Western powers attack any one of them, Russia would make common cause with them, and would not conclude any peace without consulting their interest.

The German powers through Austria definitely refuse. Russia is therefore isolated. The western powers are immediately to demand the evacuation of the Principalities, and are to command it forthwith. The Russian Minister in London has paid a formal and final visit to the foreign department.

HOUSE—Mr. Dean stated that he had received a letter from the Governor of New York, transmitting the joint resolutions of the general Assembly, relative to the Territorial question now pending before Congress—he asked that they be laid on the table and printed.

Mr. Walsh objected to the reading.—Olingman hoped there would be no objections to printing.

Mr. Peckham said it was no use to read it through, they all had copies. Mr. Dean believed it was always customary to pursue the course he had suggested. Mr. Dean's question was allowed and Mr. McAllen said he intended to object to the printing bill, if was not too late to do so.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the working of the American Government. Published by D. Appleton & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and he is familiar with the history, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription list, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

PATENT MEDICINES.

One Hundred Years Ago.

Dear Sir:—Two months since, I never expected to write such a letter as this, to say that I am clear of the Rheumatism. I hardly know which is my or how to account for it after suffering for the last seven years the most excruciating pains man can endure. At every coming storm my whole body and joints were in the greatest torment man can bear, and you know my other, I always prepared in me as if nobody pitied a man with the Rheumatism. Now I will also state, while on this subject, that the Rheumatism was a pitiful inheritance of my ancestors. I remember some thirty years since, when my father lay crippled on his bed with this disease, and of hearing him tell that his father and grandfather some 100 years ago, were melancholy afflicted in like manner. But now I can tell you I ask no pity from any man on that score, as I can do as good a day's work as I ever could.

I used only three small bottles of your wonderful Mustang Liniment, and now feel like myself again. Thanks to you and your invaluable Liniment.

MOSES DUNCAN, Shoal Creek, Mo.

To Dr. Bragg & Co., St. Louis, Mo.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.

One to two 50 cent bottles will cure the Salt Rheum.

Two 25 cent bottle will cure the Caked Breast.

One small bottle is a certain cure for Sore Nipples.

One to three dollar bottles is warranted to cure the worst case of Mercurialism in any form, and one 50 cent bottle will cure any case of recent standing.

One to two small bottles will cure the Neuralgia.

One bottle, 50 cent size, will cure the severest Burn or Scald.

One dollar bottle will cure the Spinal Disease.

One small bottle will cure the Piles in any stage of the disease.

One to two 50 cent bottles will cure the Scrofula, in any case.

One small bottle will cure Chapped Hands.

Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the lower shins, that have resisted all other treatment.

One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.

One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.

One 50 cent to a dollar bottle will cure all cases of Galls, Cuts, Fresh Cuts and Lameness.

A beautiful effect is always experienced from the first application and a perfect cure is warranted when used according to directions

☞ *Cure of Salt Rheum of Ten Years Standing.*—A lady residing near Lynn, Cuyga Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago I examined a very severe character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and can now say well as I could wish for."

A Case of a Severe Scald.—Eighteen months since, an engineer working in a foundry in the upper end of the city, three some mishaps, got his hands and face badly scalded, so much so that the skin came entirely off. He suffered the greatest pain until the wounds were dressed with the Mustang Liniment and wrapped up in cotton batting, which, as soon as done, the pain eased and the patient fell into a quiet and peaceful slumber.

We learned on yesterday that he is now well and attending to his business as usual! Such facts are worth remembering. The Mustang Liniment is warranted to cure any disease requiring an external application.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes

For sale by A. G. BRAGG & CO., sole Proprietors—Principal office, corner of Third and Market streets, St. Louis and 364 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Heaveritt & Sen, H. Fox, Jr. and A. C. Clark.

☞ Beware of counterfeits, for the 50 cent and $1 bottles are much the cheapest. Ask for A. G. BRAGG & CO'S. MEXICAN MUSTANG LINIMENT. my23

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color and it will not stop when it is gone, but restore it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretions organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, }
CARLYLE, June 27th, 1853. }

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and I have no doubt, permanently so. SIDNEY BREESE,

Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it, and have known others to use it—but I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one application, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 25, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very thin and fast falling out. The use of your Hair Restorative it restored its original color; and since its application all dandruff has disappeared from my head, and I have been entirely free from the disagreeable itchiness of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

Proof Positive—Skeptics Read—Testimony! Testimony! Testimony!

HAMPDEN, Feb. 24, 1845.

MESSRS. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used it in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never knew any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. He took him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

BENJAMIN L. POMEROY.

Depend upon it, Mothers, it will give restto yourselves and relief and health to your infants.

Price 25 cents per bottle.

We have sold very large quantities of Mrs. Winslow's Soothing Syrup, during the past six years, over 20,000 bottles the present year. We believe it to be the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhea in Children whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and bowel complaints. In all cases it will relieve, and if taken in season relief is *immediate and absolutely certain.*

CURTIS & PERKINS, Druggists, formerly of Bangor, Maine. Sold by druggists throughout the country.

CRAMP AND PAIN KILLER.

The world is astonished at the wonderful cures performed by the Cramp and Pain Killer, prepared by Curtis & Perkins. Its equal has never been known for removing pain in the stomach, bowels, spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, bilious cholic, chills and fever, burns, sore throat, and gravel. It is decidedly the best remedy in the world. Evidence of the most unexceptionable character can be given to establish it as a sure, safe and speedy remedy for the above complaints. Read what is said of it by those who have used it, and what is more, call and see the evidence in the hands of Agents. You may *no positively sure of relief* if you use it. *Millions of bottles of this valuable medicine have been sold.* Ever since the past six or eight years—it is now for the first time being introduced into all the principle towns in New York.
